Dear Mr. Towler:

**Re: Senanus/Mt. Newton Water Supply Issue**

Reference is made to the Meeting of the Water & Waste Management Committee held on September 11, 2000 at which time the above-noted matter was discussed.

Please be advised that the Municipal Council of the District of Central Saanich, at its meeting held on September 18, 2000, considered the recommendations from the Committee Meeting and resolved as follows:

*"That the District not proceed with the submission of an application to the current Provincial Infrastructure Grant Program for funding to offset a portion of the costs of construction of a watermain down Mt. Newton Cross Road and Senanus Drive."*

*"That the Central Saanich West Voters Association be formally advised of the foregoing motion and the Association be invited to outline its position in regards to the preparation and circulation of a Petition for construction of the waterline along West Saanich Road to service the Senanus area, and the District indicate its willingness to explore and work with the Association in finding alternative solutions to address the water quality and supply problems in the area."*
