Hi, Lori:

I was on site visits on Friday for the upcoming election. I always recommend individuals to call ahead to inquire what is a suitable time to meet with me.

Attached is a copy of what I have been able to locate with respect to an earlier petition for the Senanus / Mt. Newton Waterline Extension project. With respect to records retention, the District is required to maintain accurate records for the last seven years. After that period, departments can "destroy" records, unless records must be maintained by the District permanently. So after a search of Administration / Finance / Engineering records, I am attaching what I have been able to locate.

Thank you,

Sara C. Ribeiro
Municipal Clerk
T: (250) 544-4202

Subject: Petition docs

Good morning Sara,

Hope you had a good weekend! Chris popped in to see you Friday but I guess you were already off for the weekend.

So, it sounds like the documents you have from the 1999 petition are: the Schedule of all the properties in the catchment, a blank petition, and a map?

I'd like a copy of these please - I assume this won't be too many sheets.

I'm surprised it isn't a bit more comprehensive - a copy of the signed petitions, list of addresses who signed, etc.

Is this the complete set of documentation from that petition that the District has on record? Please let me know.

I can pop by and pick these up if you will let me know what time they may be available.

Many thanks,
Lori
