Dear Mayor and Councilors,

We very strongly protest the reading of bylaw 1625,2009 regarding the Senanus water line.

We believe that the 2007 water line petition is completely invalid as does the Mount Newton Neighbourhood association of which we are part. Proceeding with the bylaw would be reckless in light of the large number of citizens who are currently prepared to take legal action against this proposal.

We would prefer that this matter be handled in a way that considers the needs of everyone affected.

Thank you,

Hugh and Grace Owen
