Dear Mayor and Council,

I strongly object to Council moving forward with reading the LSA Bylaw. The petition and the process are totally flawed. We have NOT been told the truth and some of the residents were left completely out of the process. When some people who signed the petition asked that their names be removed when they found out the truth at the community meeting which was held MONTHS after the petition was certified, they were completely ignored. Moving ahead on the by-laws despite very strong opposition is, in my opinion, totally wrong.

The ONLY appropriate action is to SHELF THE BY-LAWS until such a time as a LEGAL petition is put in place, using a process that is fair and transparent.

Yours truly,

A handwritten signature in cursive script that reads "Heather J. Waters". The signature is written in black ink and has a long horizontal line extending from the end of the name.

Heather J. Waters
