District of Central Saanich
1903 Mt. Newton Cross Rd
Saanichton BC V8M 2A9

Dear Mayor Habkirk and Councillors:

Enclosed is a copy of a letter from Frank Towler, President of the Central Saanich West Voters Association, requesting further information with the intent of finding a resolution to the water quality issues for the residents of the Senanus Drive area. Mr. Towler has asked a number of questions that only the District of Central Saanich is in a position to answer.

Would you please consider providing a response directly to their questions. My offer to provide funds for mediation remains, should you wish to pursue that as an option in the foreseeable future.

Yours truly,

George Abbott
Minister
